Early Childhood Center

By: Mt. Hood Community College,
Head Start and
Community Partners

A new chapter in Mt. Hood Community College's (MHCC) 45-year history begins this fall with the opening of the Head Start / MHCC Early Childhood Center.

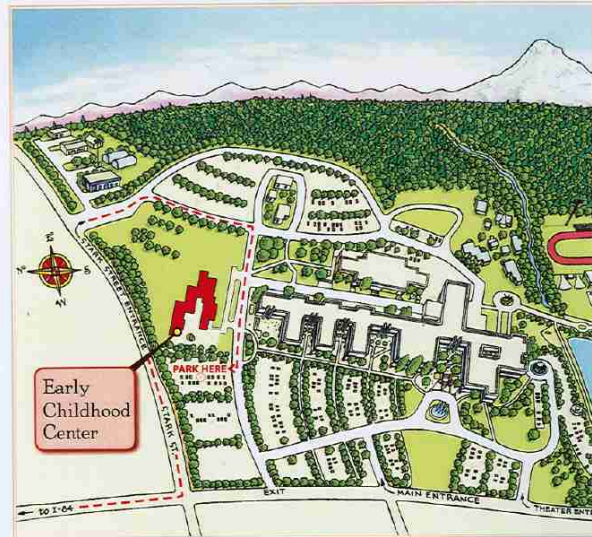

MHCC's first new building on the Gresham Campus in 30 years is indeed

special: This state-of-the-art facility features a world class play area, multiple water features and architectural delights around every corner. The Center will benefit children and their parents, as well as provide a rich educational experience for MHCC students preparing for careers in early childhood development.

The "next chapter" will be one of leadership and innovation, as Head Start and MHCC create a unique pathway for cradle to career success in our community. *Come celebrate!*

September 27
9:30 a.m.

Join us for an hour of story time, tours and refreshments
R.S.V.P. to events@mhcc.edu

Parking

— 26000 SE Stark St., Gresham OR —
