

# Economic Stimulus Grants Awarded to Tribes

SUBMITTED BY PLANNING DEPARTMENT

Earlier this year President Obama signed the American Recovery and Reinvestment Act (ARRA) to help stimulate the nation's economy. Tribal staff worked diligently to make sure that this Tribe got their fair share.

We are pleased to announce that so far we have received several grant notifications that will directly benefit the Tribe and will also create jobs. The following is a list of the grants that we have secured funding and then the following chart shows what we actually applied for and what we expect to receive before all of the funds are dispersed nationally.

Please note that we will not get everything we asked for but already we

have received more than \$2 million dollars in Economic Stimulus money and expect a few more grants. These grants are in addition to the regular grants we receive.

Native American Housing Block Grant: **Awarded \$1,998,800** Purpose: To develop affordable homes.

Indian Housing Plan Amendment: Awarded **\$280,824**. Purpose: To develop affordable homes and rehab three current homes owned and operated by the Tribes.

Elder Meals from IHS Funds: Awarded additional **\$4,965**. Purpose: To purchase Elder meals

BIA Roads: Awarded **\$86,501**. Purpose: Additional money for Tribal Hall Trail project
